SKILLS

Programming Languages: JavaScript, TypeScript, Python, Java, SQL
Frameworks & Libraries: React.js, Next.js, Node.js, Tailwind CSS, ShadCN/UI, React Native
State Management: Redux, Zustand
Databases & ORM: PostgreSQL, MySQL, MongoDB, Supabase, Convex DB, Drizzle ORM
Cloud & Deployment: Vercel, Firebase, Netlify, Render, Google Cloud Platform
Tools & Platforms: Git, GitHub, Docker, VS Code, REST APIs
Soft Skills: Creative Thinker, Quick Learner, Team Leadership, Detail-Oriented, Adaptable, Collaborative, Self-Motivated

PROFESSIONAL EXPERIENCE

Elevance Skills, Online Dec 2025 - Jan 2026

Frontend Developer Intern

- Built a high-performance Next.js movie platform using RSC, ISR, and on-demand revalidation, achieving sub-1.2s LCP and under-2s TTI – 40% faster than target.
- Built offline-resilient functionalities, real-time data synchronisation, improved caching mechanisms, automated testing. Increased platform stability by 30% and reduced errors reported by users by 25%.
- Enhanced accessibility compliance across 15+ components, meeting WCAG 2.1 AA standards and broadening the platform’s usable audience.

Tripletsoft, On-Site Jul 2025 - Jul 2025

React Developer Intern

- Finished an intermediate-level React Development internship at Triplet Software Solutions, delivering 5+ reusable component modules that were merged into the production codebase.
- Built 5+ production-merged React components using hooks and state management in under 4 weeks, commended for code quality and dedication.

EDUCATION

Meenakshi Sundararajan Engineering College Sep 2023 – May 2027
B.Tech. in Information Technology CGPA: 8.01/10

PROJECT WORK

- **Career Skill Bridge - Smart Course Recommendation Platform:** Built Career Skill Bridge, a web-based skill recommendation platform using Next.js, Tailwind CSS, PostgreSQL, and Drizzle ORM, analyzing user skills and completed courses to deliver tailored learning path recommendations through an intuitive user interface.
- **Career Lens - AI Career Guide Companion:** Engineered Career Lens, an AI-powered career guidance application using Next.js, Tailwind CSS, and ShadCN UI, leveraging machine learning techniques to analyze user input and surface personalized career recommendations through an intuitive user interface.
- **AI - Powered Resume Builder:** Architected BuilderBuddy, an AI-powered resume-building platform that analyzes user input to generate customized, ATS-friendly resumes, integrating Strapi CMS for content management, Clerk for authentication, and deploying on Vercel for high-performance delivery.

AWARDS AND CERTIFICATES

- **Meta Certified Frontend Developer Professional Certificate:** Earned the Meta Frontend Developer Professional Certificate, gaining in-depth knowledge of modern frontend development including HTML, CSS, JavaScript, React, version control with Git, responsive design, and best practices for building scalable and user-friendly web applications.
- **Front-End Web Development Certificate:** Fulfilled a 240-hour Front-End Web Development certification from Reliance Foundation Skilling Academy (Skill India), building strong foundations in HTML, CSS, JavaScript, and responsive web design principles.
